

The Complete Home Buying Experience

The Pre-Approval Process

Pre-approval for a mortgage increases the chances that a seller will accept your offer.

- I will connect you with a trusted lender to guide you through the pre-approval process. Once you know how much you can borrow, I will refine your home search accordingly.

Finding Your Dream Home

When we begin the search, we will meet to determine what your perfect home will look like.

- You'll describe your needs, wants and nice-to-have features. Think about your future. How long do you see yourself living in this home?

Clear and Open Communication

During your home search, I'll be there to guide you every step of the way.

- I'll call you weekly to update you on the home search. Transparency is key. I keep communication lines open to ensure you are comfortable and confident with every part of the transaction.

Negotiating and Structuring the Sale

My Promise to You:

- I will advise you on the appropriate price to offer and present it to the seller's agent. As well as, thoroughly review contracts and negotiate the strongest terms.

Complete Transaction Management

Once your offer is accepted, I will smoothly navigate you through the transaction.

- I will stay on top of all other matters to be sure your real estate transaction closes in a timely fashion — and with as little stress as possible!
